Description: The front fuel tank strap frame T -Slot bracket on the above-mentioned vehicles may corrode permitting the front fuel tank strap to detach. With the front fuel tank strap detached, the rear strap primarily secures the fuel tank, however, the front of the fuel tank may be allowed to lower several inches.

Detachment of the front fuel tank strap could potentially allow the front of the fuel tank to make contact with the ground, increasing the risk of a fuel leak. A fuel leak in the presence of an ignition source could result in a fire.

Remedy: FCA US will conduct a voluntary safety recall to install a fuel tank strap reinforcement bracket on all of the involved vehicles. If the fuel tank strap is found to be disconnected from the original frame bracket, the front and rear fuel tanks straps as well as the locking nuts, will be replaced.

Glossary

Failed Emissions Inspection

The emissions check performed during a vehicle inspection indicated the vehicle was emitting more than allowable emissions standards and/or had missing or modified parts. Repeated failed emissions records can indicate engine problems and CARFAX recommends you have the vehicle inspected.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Inspections

Many states or counties require annual or biennial emissions and/or safety inspections. Odometer readings are collected at the time of the inspection.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform owners of car defects that have come to the manufacturer's attention. Recalls also suggest improvements that can be made to improve the safety of a particular vehicle. Most manufacturer recalls can be repaired at no cost to you.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
